

## 25<sup>th</sup> Cytomeet, Bern, January 26, 2016

Venue: Haus der Universität, Schösslistrasse 5, 3008 Bern ([www.hausderuniversitaet.ch](http://www.hausderuniversitaet.ch))

9:45 to 10:15. Welcome with coffee and gipfeli

Time	Speaker	Institution	Title
10.15– 11.10 h	Erik Sahai	Cancer Research UK, London	Imaging cancer invasion and therapy failure

**11.10 – 11.30 h** **Coffee break**

11.30– 11.45 h	Mareen Diepenbruck	Dept. Biomedicine Uni Basel	Transcription factors, miRNAs, epithelial-mesenchymal transition and cancer metastasis
11.45– 12.00 h	Karthiga Santhana Kumar	Kinderspital, Uni Zurich	TGF- $\beta$ blocks bFGF-induced dissemination of metastatic medulloblastoma cells
12.00– 12.15 h	Caroline Arous	Dept Cell Physiol, Uni Geneva	Role of Actin and Adhesion remodeling in beta cell function

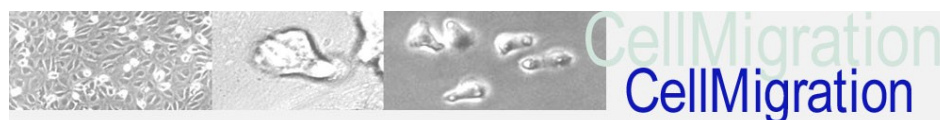

**12.15 – 13.15 h** **Lunch**

13.15– 13.45	Daniel Legler	BITG, Kreuzlingen	Inflammation-Induced CCR7 Oligomers Form Scaffolds to Integrate Distinct Signaling Pathways for Efficient Cell Migration
13.45– 14.00 h	Matthias Mehling	Dept Biomedicine Uni Basel	Migration of dendritic cells in microfluidic substrate-bound and soluble chemokine gradients
14.00– 14.15 h	Lorenzo Spagnuolo	Dept Medicine, Uni Fribourg	Working together: the impact of chemokine synergy on the migration of B cells

**14.15 – 14.45 h** **Coffee break**

14.45– 15.00 h	Xenia Ficht	TKI, Uni Bern	Visualizing T cell-mediated immunosurveillance of exocrine glands
15.00– 15.15 h	Darko Stojkov	Pharmacology, Uni Bern	Cytoskeletal reorganisation during NET formation
15.15– 15.30 h	Ivana Lazarevic	TKI, Uni Bern	T cell trafficking through the choroid plexus

**15.30 h** **Departure**

swissuniversities

Organized by Jens V. Stein and Britta Engelhardt, Theodor Kocher Institute

Sponsored by the SNSF funded *ProDoc* Cell Migration/SUK Doctoral

Programme and the Schweizerische Kommission für

Molekularbiologie (SKMB)
